

# God's Healing Word eBook

Now that I am healed through God's Word, and seen so many others helped, my passion is to spread the Word even more widely. Because I have been interviewed by BBC Radio on God's healing, I am approached for advice and prayer, and it is impossible to support everyone as I would love to do, with information and prayer.

I have therefore written a book "God's Healing Word" based on God's plan for us in the Bible. The book is comprehensive, 47,000 words long and deals with healing from all degenerative disease, cancer, arthritis, digestive problems, candida albicans, diabetes, parasites, and heart disease in the body as well as healing in the mind and spirit through the Word of God in Genesis.

Healing is something which the church has shied away from and largely ignored since the third century AD when Emperor Constantine forbade the preaching of health and blessings. Interestingly, he became converted to Christianity two weeks before his death!

My book reveals the exponential healings and the blessings that we receive once we become obedient to the Word. God will not heal us if we do not obey his commands so early in Genesis 1:29 and 30, and throughout the Torah, the first five books of the Old Testament, which are sacrosanct to Jews and Muslims as well as Christians.

The book is for all who need healing physically as well as spiritually. So many Christians are physically sick despite leading Godly lives, and this book explains why.

The book discusses the Breath of Life, Living Water, Living Food, our covering and the final chapter is on the greatest healing which is salvation.

I love to speak to groups, schools and to preach in church about God's Word on health and blessings, and I hope the book will enable me to reach many more.

Introduction God says: "My people die for lack of knowledge" Hosea 4:2

This book is all about healing. I pray that it will heal YOU!

We are living in a sick world, fearful of cancer, heart disease, MRSA, bird flu, arthritis, diabetes, obesity, digestive and respiratory difficulties and countless other health problems. Christians are as sick as the rest of society, despite prayer and ministry. Why? Why do good people get cancer and die before their time?

If you really want to know how to heal, or to stay well and keep well, read on!

The biblical knowledge contained in this book healed me from terminal pancreatic cancer in the autumn of 2003. It was the information we desperately needed when our dearly loved 18 year old daughter Melanie became ill with cancer in 1987.

She died after enduring two years of surgery, chemotherapy and radiation. The "best" of treatment from the British cancer establishment. She and I knew there must be a better way, and I promised her I would spend the rest of my life trying to find it.

Ever since her death I have searched the world for a real cure to cancer, and a way to prevent cancer in the first place. I was trained as an inter parliamentary researcher in the Houses of Parliament and I have done my search diligently.

What I learned about cancer astonished me. I learned that it is a healing process that has gone wrong in the body, because the immune system is damaged. I learned that all degenerative disease, including cancer, can be healed once we start to give the body the living enzymes it needs. And the answer was in God's Word.

God has given us the manual for life in His Word in the Bible and if we are disobedient we suffer. It was only when I nearly died of cancer myself, that I was directed by a pastor called Emmy Wilson, at Holy Trinity Brompton, London, to God's healing in the Bible.

His instructions are so simple. Our lives are blessed or cursed, according to whether we are obedient to Him. I believed, I became obedient to his health laws, and I was completely healed. The answer is freely given in the Word of God, the Bible.

When we receive blessings from God, we must pass them on to others, and He has put it on my heart to write this book for you, if you are seeking truth and healing.

Despite huge government investment, orthodox medicine has simply not provided an answer to degenerative disease. Cancer, heart disease, arthritis and diabetes are all on the increase and we are getting sicker earlier. Children and even babies develop cancer, and diabetes is escalating among teenagers.

With governments unable to fund decent health care for everyone, and our hospitals rife with disease, it is time for us to become responsible for our own health. We must learn how to prevent disease as well as how to cure it. After fifteen years of research, suffering and also much joy, the book is at last in your hands. Pancreatic cancer is probably the most deadly and fastest killing. I was given between five weeks and six months to live. The radiologist who has scanned me since the healing looked at the original scans and said that the tumour was so bad that actually I would have only survived three weeks!

The scans now show the tumour reduced to a mere scar, which is exactly how the essence of living enzymes is supposed to work. I am alive and well, completely out of pain and able to witness around the world. God has given me a gracious life extension and I start each day asking God what he would have me do with this precious gift.

It is my huge privilege and blessing to be able to answer hundreds of people who have heard about the healing, and phone, e mail and write from all over the world. I can encourage them and pray with them over the phone, but there are many more who need to be reached.

I pray that this book will be a life-saver for many, and reach the younger generation before they succumb to illness. One of my greatest joys is to be able to speak to schools and groups of young people, so they can adopt a healthy lifestyle and prevent disease.

Sometimes the Bible stops us in our tracks. I found our family name in there! Because we are a Channel Island family, we have a French name &ldquo;Corbin&rdquo;. Jesus tells us in Mark 7:11 that the Hebrew word &ldquo;Corban&rdquo; means &ldquo;a gift devoted to God&rdquo; in Mark 7:11.

Melanie Corbin was a gift devoted to God. I gave all my children back to God as soon as they were conceived, but because of pollution and lifestyle her life was tragically cut short. Her loss has been devastating to our family, but she had an extraordinary encounter with an angel when she was diagnosed alone in London and she died with incredible dignity and grace.

She knew God and she simply went back home sooner than any of us expected. Her angel told her what was to happen, and she knew no fear as she passed from life to life eternal. But she longed to find a cure not only for herself but for others. Through her, my life became devoted to God. She is the inspiration for this book, which can heal believers, the Body of Christ, on earth, and bring them to the greatest healing of all, salvation.

Let's start with a prayer.

Heavenly Father, You are the Great Healer,  
and your Word is a Healing Word.  
Jesus, your Son, healed as He walked the earth  
And through His Holy Spirit still heals today.  
I commit this book into Your hands,  
to write through my hands.  
Dear Lord, open hearts and minds to your Word,  
and inspire me to inspire others,  
in Jesus's powerful, healing name.Amen
